

Power your Black Jacks with our

## POWER PACKED POWER PACKS!

This is our smallest, best selling model

- ◆ 5 gallon usable capacity (enough oil to fully extend 20 tall crib jacks!)
- ◆ 6 gallon maximum capacity
- ◆ 5.5 HP Honda engine
- ◆ 1 gallon per minute output
- ◆ 8 outlets
- ◆ Single and double acting models
- ◆ Wheel and handle kit for easy movement
- ◆ Power Team control valve with hardened parts for extended life (available only on MH equipment)

Price as shown above, \$6590  
without wheels \$6390.  
Power Pack package consisting of  
the Power Pack, 4 crib jacks with bases  
and 6x30 foot hoses,  
with wheels \$13,990,  
without wheels \$13,725.

Larger power packs, with bigger capacity tanks  
and pump outputs, are also available.

The machine on the left is a double-acting, split-manifold, split-flow model. This machine functions as two machines in one, giving you the option to extend the jacks connected to one half of the manifold, while retracting the jacks attached to the other half of the manifold. Or you can operate dolly jacks with one circuit while controlling dolly steering cylinders with the other circuit. This machine can also operate single-acting crib jacks.
